

## California Information Sharing Disclosure

California Civil Code Sections 1798.115(c), 1798.130(a)(5)(c), 1798.130(c), and 1798.140 indicate that organizations should disclose whether the following categories of personal information are collected, transferred for “valuable consideration,” or transferred for an organization’s “business purpose” (as those terms are defined under California law). The table below indicates the categories of personal information we collect and transfer in a variety of contexts. Please note that because this list is comprehensive, it may refer to types of information that we collect and share about people other than yourself. For example, while we transfer credit card or debit card numbers for our business purpose in order to process payments for orders placed with us, we do not collect or transfer credit card or debit card numbers of individuals that submit questions through our website’s “contact us” page.
